

# **NOTICE OF ADVERTISEMENT**

**MAY 23, 2006**

## **INDEX**

- 1. NOTES FROM THE CONTRACT ENGINEER***
- 2. NOTICE TO ALL BIDDERS – eVA REQUIRED REGISTRATION**
- 3. NOTICE TO ALL BIDDERS - CONTINGENT LETTING POLICY**
- 4. NOTICE OF ADVERTISEMENT FOR BIDS TO BE RECEIVED  
WEDNESDAY, JUNE 28, 2006**

## Notes from the Contract Engineer for May 2006

- Notice that the approximate value of advertised work is included on the paper advertisement.
- Notice that the 36 month proposed advertisement schedule is on the website above the monthly ad.
- Electronic Plans are available during the advertisement cycle. This can help you decide whether you are interested in bidding on a job. You can look at the plans on-line before you buy paper plans. On the website at [www.virginiadot.org/business/const](http://www.virginiadot.org/business/const) under “all things advertisement” click on “instructions for utilizing the Falcon Website. Electronic Proposals are available as a test of concept during this advertisement cycle. On the website at [www.virginiadot.org/business/const](http://www.virginiadot.org/business/const) under “announcements, memos and letters” click on “instructions for downloading electronic proposals”. Call me if you need more information.
- Use CABB (Contractor’s Advertisement Bulletin Board) to ask questions about a job. Just click on the “?” on the advertisement page. It is the only way to ask questions during advertisement.
- When looking for the showing location on CABB, click on the word “yes” in the showing column. You will be taken to a page that gives additional information including the showing location. When the showing is complete, click on “minutes” to view the showing minutes.
- The Form C-61, Form C-111 and Form C-112 must be returned to Nicole Gilliam, Scheduling and Contract Division.
- Please read the information on the website about the prequalification process carefully as it has been changed considerably. It contains the new application schedule. No firm that is presently prequalified, will be disqualified under the new rules until after October 2007. This is to allow implementation of the new contractor evaluation process.
- The Notice to Proceed for all projects is the contract execution date unless otherwise indicated in the proposal. Check the proposal for the new provision.

# Important Notice to Bidders

**The Governor has determined that all commerce with the Commonwealth of Virginia will utilize one central procurement portal that is common to all agencies. It is called *eVa* for electronic-Virginia. It is operated under the direction of the Department of General Services (DGS). Beginning with the August 2003 advertisements, all proposals will contain a provision similar to the following:**

**Section 102 eVA BUSINESS-TO-GOVERNMENT VENDOR REGISTRATION:** The eVA Internet electronic procurement solution, web site portal [www.eva.state.va.us](http://www.eva.state.va.us), streamlines and automates government purchasing activities in the Commonwealth. The portal is the gateway for vendors to conduct business with state agencies and public bodies. All vendors desiring to provide goods and/or services to the Commonwealth shall participate in the eVA Internet e-procurement solution either through the eVA Basic Vendor Registration Service or eVA Premium Vendor Registration Service. All bidders must register in eVA prior to award of any contracts. ***Failure to register will result in the bid being rejected.***

- a. eVA Basic Vendor Registration Service: \$25 Annual Fee plus a Transaction Fee of \$500 (or 1% of contract total, whichever is less) per awarded contract. eVA Basic Vendor Registration Service includes electronic order receipt, vendor catalog posting, and on-line registration. It also includes an electronic bidding system for use for goods and services (not construction). For construction projects, firms will continue to use the Bid Express Internet bidding system.
- b. eVA Premium Vendor Registration Service: \$200 Annual Fee plus a Transaction Fee of \$500 (or 1% of contract total, whichever is less) per awarded contract. eVA Premium Vendor Registration Service includes all benefits of the eVA Basic Vendor Registration Service plus automatic email or fax notification of solicitations and amendments, and ability to research *eVa* historical procurement data, as they become available.

This provision requires firms to register with *eVa* and pay the annual fee. The \$25 basic fee (payable directly to *eVa*), should be all most contractors will need. VDOT will continue to supply all the same services that we have always supplied, including direct mailing of the monthly advertisement schedule. If you are awarded a contract, your firm will be billed a Transaction fee by *eVa* after your first estimate is generated. This fee of \$500 (or 1%, whichever is less) is charged once for each contract awarded, and is used to defray the cost to operate the *eVa* system.

The *eVa* system is completely separate from all other bidding requirements to participate in VDOT's construction program. All contractors still must be prequalified; and firms must be enrolled in BidX, if they desire to bid electronically.

**Note: If your proposal contains the above specification, the contract will be awarded only if you are registered in *eVa* prior to execution of the contract.**

I understand the registration process is quickly and easily done on line. I suggest that you register at your earliest convenience to avoid Internet registration traffic.

Don Silies  
Contract Engineer

# Contingent Letting Policy

December 1, 2004

TO WHOM IT MAY CONCERN:

As a result of the mandatory electronic bidding the contingent letting policy issued on Oct. 8, 2002 is hereby superceded. I issued a Contingent Letting Policy to provide instructions in the event of the interference to bid submission and reading. The policy allows for catastrophic technology events such as the failure of a major Internet service provider as well as weather or travel related threats. Such events must be reported to the Contract Engineer's Office immediately at (804) 786-1630. The Contract Engineer will, at his sole discretion, decide when the policy will be invoked. The decision will be posted on the Construction and Maintenance Contracting website at [www.VirginiaDOT.Org](http://www.VirginiaDOT.Org) as soon as possible.

The Contingent Letting Policy shall be used in the event that the VDOT Central Office is closed due to inclement weather, catastrophic travel events, or if either party experiences catastrophic technology or other unforeseen events that would prohibit the submission of a bid. The receipt and reading of bids will be delayed seven days from the original date, at the same time and place. The contingent date will appear in the Notice of Advertisement for Bids, each month.
